## How to find your department

Each Department Name has a unique Destination Number

This number is made up of a letter followed by three digits.

The **letter** represents the **Zone** where the department is.

The first number represents the Zone floor level.

The letter and three digits make up the unique **Destination Number**.

Zone letter      Zone floor level

**B440** Acorn Unit

Destination N°

Department Name

Find your Department Name and its Destination Number on the alphabetical list in this guide and on the directory signs in the hospital

Follow signs to your Zone and Destination Number

- Zone A      Colours have been assigned to each of the 5 zones
- Zone E
- Zone D      The colours feature at the entrance to each zone
- Zone B      Use the plans and signs in the building to help you
- Zone C
