

# The Children's Burns Club

Registered charity number: 1048542

## Workshops

Our Workshop days are great days that combine a targeted workshop or presentation followed by a fun activity or day out. These may be for children or parents and have included focus on bullying, relationships, confidence, self esteem and managing questions.

In 2018 we held our first conference which included presentations for parents and workshops for children. Look out for news about our plans for 2019
